

2 DAYS BIVOUAC WITH A DONKEY IN BRIONNAIS

Brionnais is a small discreet country in the heart of France, in the south of Burgundy. We invite you to discover this green land with its gentle slopes and to discover the richness of its heritage. Brionnais is qualified of « roman garden », because it was during the XIème and XIIème centuries, an exceptional source of development of Romanesque art. Thirty churches and chapels, wholly or partly Romanesque, demonstrate the science and skill of the builders and sculptors.

Day after day...

The first day, you start your hike by borrowing the towpath of the canal, then you cross the river Loire from the small paths of Brionnais lined with hedges which are typical from the « bocage ». You take the direction after of the village of Fleury mountains, lived in the time of the Gauls by the tribe of "bramavi" (the population is much less barbaric now, do not worry!). This is a hike with varied aspects and panoramic view (14 km)
